TOBRA®

NO BONE LEFT BEHIND

Tobra Bone Basket®

Autograft Bone Collection System with Graft Compressor and Anti-Clogging Technology

Compresses bone particles to produce high quality, moldable and graft ready bone output

Fine filter for maximum collection of smallest bone particles

U.S. Patent

Tobra Bone Basket®

TOBRA®

Lumbar Fusion
(7cc-10+cc per level)

MIS Fusion
(5cc-7cc per level)

ACDF
(1cc-3cc per level)

Cranial MVD and Bur Holes

Science & Savings

Why Collect?

- **Outcomes:** Improve patient fusion rate
- **Cost Savings:** Reduce facility spend on allograft
- **Safety:** Reduce infection risk

Who's Collecting?

- **Spine:** Lumbar and Cervical Fusion, Corpectomy, MIS
- **Craniotomy:** MVD, Cranioplasty, Bur Holes, Kerf Cuts
- **ENT:** Mastoidectomy
- **Ortho:** ACL, Ankle Fusion, Rotary Cuff Augmentation

Save More & Safer

- 67% Savings in graft cost per lumbar level fusion
- Eliminate the risk of immune rejection
- Eliminate the risk of disease/virus transmission

Collecting Gold: The Science

- Releases anabolic cytokines and growth factors
- Increase Osteoblast proliferation 7-fold.
- Upregulates osteoblast genes to differentiate osteoblast cells.
- Source of viable autologous osteoblasts, osteoclasts, osteocytes and mesenchymal stem cells with osteogenic potential.

CPT Code: 20936

Harvest of autograft bone from same surgical site.

PART NUMBER	PRODUCT NAME	QUANTITY
BB-100	Tobra Bone Basket	5 Units Per Box
ADDITIONAL TOBRA MEDICAL PRODUCTS		
FF-100	Tobra FeatherFlow	10 Units Per Box
GC-100	Tobra Graft Compressor	5 Units Per Box
